

Arnold Schwarzenegger, Governor

STATE CLEARINGHOUSE

NEWSLETTER

June 1st-15th, 2004

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **June 1-15, 2004**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003

To: All CEQA Lead Agencies

From: Terry Roberts, Director, State Clearinghouse

Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

2004062004	San Pedro Court Master Plan, Development Plan, Subdivision and Rezoning Marin County San Rafael--Marin Application for the Master Plan, Development Plan, Subdivision and Rezoning application is for the subdivision and development of a 14.8-acre property into 19 separate residential lots and the development of 19 single-family-family residences.	NOP	06/30/2004
2004062013	Oak to 9th Mixed Use Development (Residential/Commercial/Open Space) Project Community & Economic Development Agency Strategic Planning Division Oakland--Alameda The entire project site is approximately 62 acres of waterfront property owned by the Port of Oakland. The proposed project includes up to 3,100 residential units, 200,000 square feet of ground-floor commercial space, 3,500 structured parking spaces, approximately 27 acres of public open space, two renovated marinas, and a wetlands restoration area. The project proposed to be constructed in phases over approximately ten years. The site is currently occupied by a combination of commercial, warehouse and light industrial services. The existing buildings on the site will be demolished, with the exception of a portion of the Ninth Avenue Terminal shed building, Estuary Park, and the Jack London Aquatic Center. The site is primarily zoned M-40 Heavy Industrial with a small portion zoned S-2/S-4 Civic Center/Design Review. The General Plan land use designation is the Estuary Policy Plan's Planned Waterfront District (PWD-1). As it pertains to the project area, construction of the proposed project will require consideration of amendments to the City of Oakland Estuary Policy Plan, a rezoning of the property because it is not currently designated for residential or commercial uses, approval of a subdivision map, design review approval, a development agreement, and possibly other City approval/actions. In addition, approvals or permits may also be required from other agencies for activities such as modifications to the shoreline, demolition of structures, site remediation, wetlands restoration, local and regional access, and possibly other activities. One or more parcels in the project area may be listed on the "Cortese List" of hazardous waste sites (Government Code Section 65962.5).	NOP	07/01/2004
2003101087	Conditional Use Permit Application No. C-03-193 Fresno, City of --Fresno C-03-193 is a request to install a tertiary wastewater treatment facility and affluent disposal system to serve the 760-acre Copper River Ranch project area bounded generally by Friant Road, Copper Avenue, Willow Avenue and Silaxo Avenue alignment.	Neg	06/30/2004
2004061003	Mid-Valley Sanitary Landfill Bioreactor Demonstration Project San Bernardino County Rialto--San Bernardino The County of San Bernardino's Mid-Valley Sanitary Landfill has been chosen by the California Energy Commission to be the site of a short-term bioreactor demonstration project consisting of the injection of additional liquid (water, leachate, etc.) into the solid waste mass to facilitate rapid decomposition of waste and generate landfill gas to be used at the electric power generation facility on-site.	Neg	07/30/2004
2004061005	Tentative Parcel Map 16084 San Bernardino County --San Bernardino Tentative Parcel Map to create 3 parcels on 10 acres.	Neg	06/30/2004

2004062001	American Business Park American Canyon, City of American Canyon--Napa Tentative Map to divide a proposed 21,320-square foot building into 9 air-space industrial condominiums, construction of building and related parking and landscaping improvements, sign program, master condition use permit to allow personal improvement services, restaurants, limited retail sales, warehousing and storage, wholesaling, distribution and storage.	Neg	06/30/2004
2004062003	Tract Map 04-1002 Tehama County --Tehama To subdivide an existing 25 acre parcel into twelve lots ranging from 2.0 to 2.5 acres in size.	Neg	06/30/2004
2004062005	Golden Torch Housing Project Santa Cruz County --Santa Cruz The applicant proposes to convert a recreational vehicle park with a use permit for 98 units to a permanent occupancy, affordable residential development to include 67 multi-family manufactured units (in 18 buildings), one manager's unit, a community building, three playgrounds, additional green space with picnic tables and barbeque pits, and a wastewater treatment facility to serve the development. To accomplish this, the applicant also proposes to transfer about 0.34 acres from parcel 041-271-28 to 041-271-69 and transfer 0.71 acres from parcel 041-271-69 to 041-271-28, resulting in a 5.89-acre parcel (041-271-28) and a 2.24-acre parcel (041-271-69). This proposal requires a Residential Development Permit, Design Review, Environmental Assessment, Lot Line Adjustment and Preliminary Grading Approval to grade approximately 7,020 cubic yards. Primary access to the site will be from Freedom Boulevard. The project location is on the north side of Freedom Boulevard about 800 feet east of McDonald Road in Aptos Hills. The exact address is 6100 Freedom Boulevard and 220 Apple Lane, Aptos, California.	Neg	06/30/2004
2004062006	Oeschger Conditional Use & Special Permits (CUP-03-22/SP-03-83) for a Second Agricultural Residence and Housing for Farm Labor Humboldt County Ferndale--Humboldt The parcel is currently developed with two (2) single family residences. One of the residences was recently destroyed by a landslide. This application seeks to demolish that residence completely and convert the other existing residence to a Farm Dwelling for the ranch foreman per §314-141, HCC. Additionally, the applicant intends to develop an approximately 1,620 square foot new primary dwelling with an approximately 540 sf detached garage and an approximately 2,500 sf barn. A Conditional Use Permit and Special Permit are required for the Farm Labor Housing and the Second dwelling unit, respectively. All residences will be served by on-site water (a well and a spring) and sewage disposal systems.	Neg	06/30/2004
2004062007	Delano Street Tentative Parcel Map and Exception Sacramento County Sacramento--Sacramento The project is a request for the following entitlements from the County of Sacramento: 1. A Tentative Parcel Map to divide 10 acres into four (4) lots on property zoned AR-2.	Neg	06/30/2004

<u>Documents Received on Wednesday, June 02, 2004</u>			
2003121086	Industry Business Center Industry, City of Industry, Diamond Bar--Los Angeles The Industry Urban Development Agency (IUDA), which owns the property, proposes to change the zoning in some areas from Industrial (M) to Commercial (C). Both retail and office uses are allowed in the "C" zone. Some areas would remain zoned "M" for projects such as industrial parks. Sites are reserved for a new Los Angeles County fire station and a recycled water tank at the request of the Walnut Valley Water District.	EIR	07/16/2004
2004031108	North San Jacinto Sewer Project Eastern Municipal Water District San Jacinto--Riverside Installation of approximately 3.75 miles of sewage pipeline ranging from 18 to 27 inches in diameter. (see attached Notice of Intent)	FIN	
2004061013	2005 Monterey Bay Area Metropolitan Transportation Plan, 2005 Monterey County Regional Transportation Plan, and 2005 Santa Cruz County Regional Transportation Association of Monterey Bay Area Governments --Monterey, Santa Cruz The proposed actions are updates to the: a) federally-required Metropolitan Transportation Plan (MTP) covering the counties of Monterey, San Benito and Santa Cruz; b) the state-required Monterey County Regional Transportation Plan (RTP); and c) the state-required Santa Cruz County RTP.	NOP	07/01/2004
2004062010	Highlands of Los Gatos Los Gatos, City of --Santa Clara The project applicant proposes to subdivide the 66.2-acre project site into 22 lots and rezone the site from HR-2 1/2 to HR-2 1/2: PD> Approval of the application would allow construction of 22 new homes on the project site. The site plan delineates building envelopes on projects lots and indicates that building pads would be graded as part of project development. Construction of homes would not occur as part of this application. Project access is proposed to be provided by a new roadway that extends eastward from the end of Shady Lane. Planned Development application PD-04-3.	NOP	07/01/2004
2004062016	Baldwin Hallwood Mine Expansion Yuba County Marysville--Yuba The proposed operation (Project) consists of sand and gravel extraction in a manner similar to that performed at Baldwin's existing Hallwood Plant. The mined materials will be processed at Baldwin's existing aggregate plant immediately south of the Project Site's southern boundary. This project is an expansion of an existing quarry. The application proposes one vertical phase and several lateral phases lasting between 14 to 28 years.	NOP	07/01/2004
2004041019	1998 Zoning Code Amendments Pismo Beach, City of Pismo Beach--San Luis Obispo Amendments to General Requirements for parking, zoning code section 17.108.030.	Neg	07/01/2004

<u>Documents Received on Wednesday, June 02, 2004</u>			
2004061008	Kern County Water Agency Improvement District 4 Water Purification Plant Disinfection Project Kern County Water Agency Bakersfield--Kern Construction of facilities to convert the existing gas chlorine disinfection to bulk sodium hypochlorite disinfection.	Neg	07/01/2004
2004061009	Phase I of the General Jim Moore Boulevard Roadway Improvement Project Fort Ord Reuse Authority Seaside--Monterey The proposed action/project consists of widening and improving a total of approximately 4,450 linear feet of the existing General Jim Moore Boulevard from approximately 1,300 feet north of the Coe Avenue/Eucalyptus Road intersection to Normany Road. Improvements include widening the roadway from a two-lane arterial to a four lane arterial (i.e. two northbound and two southbound lanes) and constructing dedicated turn lanes along the proposed alignment; construction of a six-foot wide sidewalk on both sides of General Jim Moore Boulevard; construction of a ten-foot wide Class I bicycle lane on the east side of General Jim Moore Boulevard; installation of curb and gutters along the edges of the road; installation of an underground percolation system with an oil and sediment interceptor tank, designed to accommodate runoff in the 25-year and 100-year storm event; landscaping and irrigation plans. The proposed action/project would involve grading of approximately 15.5 acres and would include hydroseeding of disturbed areas. The quantities of excavation and fill would roughly balance for the proposed action/project. The proposed action/project also includes an eight-foot wide shoulder that could also be used as a Class II bike lane.	Neg	07/01/2004
2004061010	CUP 04-078/TR 61127 18049 Coastline Drive, Malibu, CA Los Angeles County Department of Regional Planning Malibu--Los Angeles An application for a Tentative Tract Map to subdivide a 1.7 acre parcel into two lots. Lot 1 has an existing four-unit apartment building with six parking spaces that will be converted into four condominium units with 10 covered parking spaces. Three of the units will have two bedrooms each and the fourth unit will have three bedrooms. The subject parcel was previously approved under CUP 97-130 to construct new three-unit apartments with eight covered parking spaces on proposed lot 2 and will be constructed as new three-unit condominiums with two bedrooms each. The new CUP 04-078 will supersede CUP 97-130. The proposed project site is prone to earthquake-induced landslides and has a high water table that requires a hydrauger system to be installed. Approximately 1.4 acres of the project site consist of existing landscaping and open space. There are two drainage and one telephone easements on lot 2 and two water easements and one private driveway and fire land on lot 1. The proposed project will also require a CUP for Hillside Management.	Neg	07/01/2004
2004061011	Trumpp - Minor Subdivision 1131-03 San Benito County Hollister--San Benito Division of 17.5 acre parcel to 3 5+ acre parcels.	Neg	07/01/2004

Units will range in size from a three bedroom unit at 1,250 sf and four bedroom units at 1,400 sf. The complex will provide an on-site community center, playground and open space/turf play area.	Neg	07/01/2004
2004061014	2000-2005 Duarte Housing Element Update Duarte, City of Azusa, Monrovia--Los Angeles The City of Duarte has adopted the 2000-2005 Housing Element Update and approved the Negative Declaration prepared for the project. The Housing Element Update was carried out pursuant to the update cycle for jurisdictions within the Southern California Association of Governments (SCAG) region.	Neg	07/01/2004
2004061015	San Bernardino County Museum Expansion San Bernardino County Land Use Services Department Redlands--San Bernardino Expansion of existing County Museum facility.	Neg	07/01/2004
2004061016	Lease and/or Acquisition of Property and Construction thereon of a New High School Corona-Norco Unified School District Norco--Riverside The lease and/or acquisition of an approximate 6.45-acre property and the construction thereon of a new high school with capacity for approximately 1,300 students, which will include three, 2-story building structures totaling approximately 47,800 sf and parking facilities with approximately 567 parking spaces.	Neg	07/01/2004
2004061017	Oceanside Second Senior Center Project Oceanside, City of Oceanside--San Diego Phased construction of up to a 30,000 sf Senior Center and access road on an 8.3-acre site.	Neg	07/01/2004
2004062008	Macdonald 80 Retail Shopping Center Richmond, City of Richmond--Contra Costa The proposed project would demolish several buildings of an existing but vacant and unused Montgomery Wards shopping center and build in its place a new shopping center with several major components, which are summarized below. The project site is located on the eastern end of the Macdonald Avenue corridor in the City of Richmond and has served as a retail shopping center since 1959. Regional Access to the site is via I-80 freeway. Macdonald Avenue provides direct access on the site at 44th, 42nd, and 39th Street. The Macdonald Avenue corridor has been historically used for general commercial and retail activities and these uses continue west from the project site on Macdonald Avenue as one continues into the City of Richmond. It should be noted that the proposed project is located in Downtown Area 10A of the Richmond Redevelopment Plan.	Neg	07/01/2004

<u>Documents Received on Friday, June 04, 2004</u>			
	Southwest Recycled Water Distribution System Extension (SRWDSE): This portion of the Project will consist of the construction of 15,900 +/- L.F. of 24" recycled water transmission pipeline in El Cielo Road from the south side of the Tahquitz Wash southerly to Escoba Drive, in Escoba Drive westerly to Araby Drive, in Araby Drive southerly to Morongo Trail, in Morongo Trail westerly to Barona Road, in Barona Road, southerly to the Palm Canyon Flood Control Channel, and southwesterly along the toe of the slope of the northwesterly bank of the Palm Canyon Flood Control Channel (parallel to DWA's existing 36" water transmission pipeline) to the intersection of Toledo Avenue and Murray Canyon Drive, then 4,200 +/- L.F. southwesterly in Murray Canyon Drive to an existing connection at the Indian Canyons Resort Golf Course. The SRWDSE is anticipated to disturb approximately 7.4 acres of land, approximately 6 acres of which will be in paved roads.		
	Palm Springs South Well Field Domestic Water Well Pumping Plant Construction (PSSWF): This portion will consist of the purchase of two of four parcels in vacant land (approximately 22,500 sf each, three potential sites are located on the west side of Barona Drive between East Palm Canyon Drive and the Anza Trail, and one potential site is located on the west side of Smoke Tree Lane, southerly of the Bank of America building), and construction of a 400 HP domestic water well pumping plant on each of the two purchased parcels in accordance with the 1998 DWA Water General Plan. Each domestic water well pumping plant will have a production capacity of between 2,000 and 3,000 apm.

2004062035	Humboldt Road Private Properties - PVAG Operational Unit (002-180-083) Regional Water Quality Control Board, Region 5 (Central Valley), Sacramento Chico--Butte The project includes the removal of approximately 1,750 cubic yards of soil containing small flecks of glass and small metal debris from parcel 002-180-083. The soil does not exceed remediation goals for lead or arsenic set for the Humboldt Road Burn Dump (HRBD) Site and is located in a berm along the east line of parcel 002-180-083. The parcel is not included in the Humboldt Road Burn Dump Resolution 97-17; however a limited site investigation has been completed for the site due to the potential for past contamination from the adjoining HRBD. The Regional Water Quality Control Board has requested that the material be removed off site due to the presence of remnant flecks of glass and metal in the soil. The soil will likely be used as interim cover on the waste cell to be constructed on a portion of Area 3 of the HRBD.	Neg	07/06/2004

2004021121	Taylor Yard Park Development Project MND Parks and Recreation, Department of Los Angeles, City of--Los Angeles The proposed project includes the development of a 40-acre park at Taylor Yard Parcel on Parcel D. The property is owned by the California Department of Parks and Recreation (DPR). Approximately 20 acres would be operated by DPR as a passive park and the remaining 20 acres would be leased by the City of Los Angeles for active park uses. The proposed project includes five main elements: active recreation; passive recreation; support facilities; parking and access; and streetscape improvements. Active recreation elements include soccer fields, baseball fields, a multi-purpose field, basketball courts, tennis courts, and children's play areas. Passive recreation elements include a natural parkland area with a natural drainage, picnicking areas, and landscaped open space. Over 350 parking spaces would be provided and two new intersections would be developed to provide park access from San Fernando Road. The Streetscape improvements of San Fernando Road would provide a buffer between the park and the street.	NOD

	also be constructed to the north of the existing pump station. The interim corporation yard would be used to store equipment, materials, and vehicles for the City of Milpitas. Phase II would involve the demolition of the existing operations building, and the construction of a new operations building on the site with a garage and a concrete parking pad.		
2004041118	Miossi Road Water Main Relocation San Luis Obispo, City of San Luis Obispo--San Luis Obispo The proposed project is construction of a new 16-inch water transmission main (Specification #99211), to replace/reroute the existing aging and failing 14-inch welded steel water transmission line. The new waterline will connect to the existing transmission main at the entrance to Cuesta Park on Loomis Street near the northeasterly City Limits, and travel northerly along the gravel shoulder of the old abandoned concrete State highway now known as Miossi Road for approximately 920 meters where it will connect to the City's Reservoir No. 1. The project will also include installation of water service lines to tie back in and continue to serve the Police Department Rifle Range, Cuesta Park and the veterinary hospital all of which are currently served from the existing line that will be abandoned. Construction is estimated to begin in the summer of 2004 or spring of 2005 and is anticipated to take roughly 4-6 months to complete. The project will take place primarily in an easement obtained from the current landowner and within the County right-of-way.	NOD	
2004041137	Film and Television Archive Preservation Center Santa Clarita, City of Santa Clarita--Los Angeles The applicant is requesting approval of a Film and Television Archive Campus which would include seven buildings consisting of two theaters, storage vaults for film and other recordings, offices and educational classrooms. 2004061033	Encinitas Ranch Specific Plan Amendment Encinitas, City of --San Diego This project is a part of one of the two Memorandum of Understanding (MOU) that were approved by the Encinitas City Council on January 14, 2004. The project was identified as MOU #2, which includes the three new land uses (Environmental Services Center, public park, and residential) that are being proposed for the East Saxony Planning Area in the Encinitas Ranch Specific Plan. Currently, the entire 68 acres of the East Saxony Planning Area are designated for agriculture and is zoned agriculture. This Specific Plan Amendment proposes that 20 of the 68 acres would remain in agriculture for the continued operation of the Paul Ecke Ranch, 10 of the 68 acres are proposed to be used for the City's Environmental Services Center and a public park, and 38 of the 68 acres are proposed to be developed with a variety of residential dwelling units.	NOP	07/07/2004
2004061034	Valley Central Shopping Center Lancaster, City of --Los Angeles The proposed project involves demolition, renovation, and reconstruction of a substantial portion of the Valley Central Shopping Center. The revitalized center will consist of a new 203,982-square foot Wal-Mart building, a 135,100-square foot building to accommodate three retailers, and three surrounding freestanding shops totaling 9,900 square feet. The proposed project includes construction of 348,982 square feet, which includes all retailers except the existing approval for the 24,080-square foot 99 Cent Only Store.	NOP	07/19/2004
2004061035	Oak Valley SP1 Amendment Calimesa, City of Calimesa--Riverside The proposed project will amend the City of Calimesa SP1, revising the distribution, extent and/or residential density and the amount, type and distribution of non-residential land within the/for the central portions of Oak Valley SP1, commonly known as the Oak Valley Core. The revision reflects the changes to the Oak Valley Core as a result of lands that were previously designed for development and have been purchased by the Riverside Land Conservancy for permanent open space, as well as other option lands that may be designated as permanent open space. However, in the event that the open space option is not exercised, the underlying development designations will remain open space.	NOP	07/07/2004

<u>Documents Received on Tuesday, June 08, 2004</u>			
2004062042	Loomis Ranch Phase II (EIAQ-3832) Placer County Planning Department Loomis--Placer Phase 2 of a previously approved 8 lot subdivision (adding 3 new lots for a total of 11 lots).	Neg	07/07/2004
2004062043	PA-0400278 (VR) San Joaquin Community Development Department Lathrop--San Joaquin A variance application to vary Development Title Section 9-1710.6(3)(a) that requires that off-premise signs shall not be more than 50 ft. above grade in industrial zones. The applicant proposes to raise an existing sign to 65 ft. above grade.	Neg	07/07/2004
2004062044	Paradise Community Park Master Plan Paradise, City of Paradise--Butte Master Plan proposed multi-use; "town square" type public park and recreation facility upon a 4.50 acre land area in the downtown area of the town of Paradise.	Neg	07/07/2004
1996022043	City of Napa Water System Optimization and Master Plan EIR Napa, City of NAPA--NAPA The Imola Avenue Tank Project will include the construction of a new 5 million-gallon above ground steel treated water reservoir, south of Imola Avenue and east of the Napa State Hospital. In addition, 6,300 feet of 20-inch diameter pipe is needed to tie the tank into the City water transmission system and an access road to the tank will need to be constructed. The land for the tank has already been obtained from Syar Industries. An easement for the pipeline and access road has been obtained from the State of California.	NOD	
2000082036	Tract Map 1850 (Designs Unlimited) Shasta County Palo Cedro--Shasta The applicant proposes to install a culvert to provide access to a proposed lot split and subdivision on an unnamed tributary to Cow Creek, Shasta, Shasta County.	NOD	
2002042074	Trinity River Bridges Project Trinity County Planning Department --Trinity The applicant proposes replacement of the Salt Flat and Biggers Road bridges on the Trinity River, tributary to Klamath River, Trinity County.	NOD	
2003031090	Ortiz Residential Grading: L 14273: Log No. 02-02-016 San Diego County San Diego--San Diego The project is the residential grading plan proposing to grade approximately 0.8 acre of the 6.8-acre parcel. The grading is for the proposed construction of a single-family residence. A total of 2,650 of balanced cut and fill will be required with a maximum slope height of 35 feet. The Fallbrook Public Utility District and the North County Fire Protection District will serve the project. An on-site septic system is proposed. The project is located on the west side of Red Mountain Heights Road between Margarita Glenn and the end of the road, in the Fallbrook Community Planning Area within the unincorporated area of San Diego County. 2002032132	<p>Freeport Regional Water Project Freeport Regional Water Authority Sacramento--Sacramento, San Joaquin</p> <p>The proposed project would construct and operate a water supply project to meet regional water supply needs. The project would support acquisition of additional Sacramento County Water Agency (SCWA) surface water entitlements to promote efficient conjunctive use of groundwater in its Zone 40 area, consistent with the Sacramento Area Water Forum Agreement and the County of Sacramento General Plan policies; (2) provide facilities through which SCWA can deliver existing and anticipated surface water entitlements to Zone 40 area; (3) provide facilities through which East Bay Municipal Utility District (EBMUD) can take delivery of a supplemental supply of water that would substantially meet its need for water and reduce existing and future customer deficiencies during droughts; and (4) improve EBMUD system reliability and operational flexibility during droughts, catastrophic events, and scheduled major maintenance at Pardee Dam Reservoir. Major facilities include: a new intake structure on the Sacramento River near Freeport; a raw water pipeline in Sacramento and San Joaquin counties; a new water treatment plant in central Sacramento County; a new pumping plant near the existing terminous of Folsom South Canal; and a new pumping and treatment facility at the Mokelumne Aqueduct in San Joaquin County.</p>	NOD

<u>Documents Received on Wednesday, June 09, 2004</u>			
2003041105	City of Anaheim General Plan/Zoning Code Update Program Anaheim, City of Anaheim--Orange Certification of EIR No. 330, including a Statement of Findings and Facts and Statement of Overriding Considerations. Draft Environmental Impact Report No. 330 has been prepared in conjunction with General Plan Amendment No. 2004-00419, Zoning Code Amendment No. 2004-00029. Reclassification No. 2004-00117, Amendment No. 5 to The Anaheim Resort Specific Plan No. 92-2, Amendment No. 2 to the Northeast Area Specific Plan No. 94-1, and other related actions and circulated for public/responsible agency review in compliance with the California Environmental Quality Act (CEQA) and the State and City of Anaheim CEQA Guidelines. The Draft EIR indicates that the following impacts can be mitigated to an acceptable level with the incorporation of the recommended mitigation measures.	NOD	
2003052058	Stream Alteration Agreement R4-2003-0161 Turlock Irrigation District 115-kV Transmission Project Turlock Irrigation District --Stanislaus Authorize the construction, use and maintenance of a 115 kV electrical transmission line.	NOD	
2003072089	Lake Trout Timeshare Resort South Lake Tahoe, City of South Lake Tahoe--El Dorado The California Tahoe Conservancy has approved the grant of a utility easement over Conservancy land, and the sale and transfer of up to 1,900 sf of land coverage rights from Conservancy-owned land to receiving parcels on which the buyer will construct a 16-unit timeshare project located in the City of South Lake Tahoe. The utility easement will allow the landowner to relocate an existing sewer line along the project's property boundary, extending periodically onto Conservancy land. The environmental characteristics of the easement area on Conservancy land are consistent with those considered for the adjacent condominium project. The coverage transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOD	
2003072108	Lake or Streambed Alteration Agreement for Notification #04-0005 Del Norte County --Del Norte Authorize the use and maintenance of an existing boat launching facility.	NOD	
2004011144	Western Fox Field Property Development Lancaster, City of Lancaster--Los Angeles The Western Fox Field Project encompasses approximately 89 acres. Sixteen acres will likely be subdivided for light industrial uses while the remainder of the site could be developed for general industrial uses (manufacturing, warehousing, etc.). Proposed project activities will include the clearing/disturbance of native vegetation, seasonal washes and ground substrates which provide potential habitat for the Mohave ground squirrel. The project is expected to result in the permanent habitat loss of 69 acres to Mohave ground squirrel which is protected under the California Endangered Species Act, requiring issuance of a California Incidental Take Permit. 	Street commercial area. The existing bridge would be improved to serve the function. There is no emergency or vehicular access required or proposed across the creek. A small park site will also serve as a detention basin during major storm events. In general, homes are oriented towards one another across a linear green space, and each of the green spaces connects to the main pedestrian path leading to the park and commercial development on Broad Street. A 12-foot tall masonry wall is proposed along the southern property line, where the project site borders a UPS shipping facility. An off-site sound wall, to be constructed by the applicant, is also proposed to fortify the existing mechanical equipment enclosure on the adjacent property to the north, which is an unmanned facility used for communications signal regeneration. On-site parking is proposed for 279 vehicles.		
2004061063	Jake Jamos Municipal Sports Park Westmorland, City of Westmorland--Imperial The City of Westmorland intends to develop existing open space into a wetland/finger-lake park with athletic fields.	Neg	07/13/2004
2004062050	City of Madera Sugar Pine Village Master Plan and Initial Study Madera, City of Madera--Madera The proposed Master Plan design provides for 10 acres of commercial, planned to provide 165,000 sf of retail and office area. Fifteen acres of land are being designated for multiple family residential with a total of 112 units.	Neg	07/09/2004

2004062052	Remedial Action-Construction, Site WP-12, Beale Air Force Base, California Toxic Substances Control, Department of Marysville--Yuba This Initial Study is being prepared for a proposed Removal Action at Site 12, the Former Entomology Building, Building 440, at Beale AFB. This removal action is being conducted in compliance with the comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), and Chapter 6.8, Division 20 of the California Health and Safety Code. Site 12 is located just east of G Street, between Warren Shingle Road and Gavin Mandery Drive in the central portion of Beale AFB. Site 2 consists of two concrete pads located east and southeast of the former Entomology Building 440 and an unpaved area east of the southeast corner of the building. According to the Phase I Records Search, prepared by Engineering Science, Incorporated, dated April 1984, the Entomology Shop was located in Building 440 for 15 years prior to 1981 when it was moved to the current location in building 2560. According to the Records Search Report, the pesticide mixing area was located outside building 440, adjacent to the southeast corner of the building, and a low lying area approximately 50 feet due east of the southeast corner of the building. This area received spills of pesticides from mixing pesticides and rinsing containers and spray equipment. All mixing and rinsing activities took place outside the building.	Neg	07/09/2004

2001071072	Carlsbad Raceway Business Park Carlsbad, City of Carlsbad--San Diego The applicant proposes to alter the streambed of three unnamed drainages, tributaries to Agua Hedionda Creek, tributary to the Pacific Ocean to accommodate the development of the Carlsbad Business Park Project. Construction activity includes grading and fill for the construction of roads, water detention a drainage structure and industrial park pads, impacting 0.39 acre streambed.	NOD	
2002021120	San Diego Creek Watershed Natural Treatment System Program Irvine Ranch Water District Irvine, Tustin, Lake Forest, Laguna Hills, Laguna Woods, ...--Orange The NTS Master Plan is a regional plan proposed for implementation by IRWD that would result in natural treatment of runoff from both existing and new development within the San Diego Creek Watershed. The NTS Master Plan consists of the creation and consolidated operation and management of new NTS wetlands and at least one, subsurface wetland-like feature to assist in managing the quality of surface runoff within the San Diego Creek Watershed. The goal of the NTS Master Plan is to assist in restoring the "chemical, physical, and biological integrity" of the San Diego Creek Watershed in compliance with the key objective of the Federal Clean Water Act. The NTS wetlands will enhance assimilative capacity of low value drainages resulting in natural removal of urban pollutants from dry weather flows, "first flush" storm water runoff and small storms. In addition, the NTS constructed wetlands will provide emergent marsh/wetland vegetation in upland areas and some drainages. It will assist in the Watershed's compliance with Santa Ana Regional Water Quality Control Board and U.S. Environmental Protection Agency requirements for storm water quality and pollution reduction targets. The NTS Master Plan will also assist the County and cities within the San Diego Creek Watershed in complying with the applicable Municipal Separate Stormwater Sewer System General NPDES Permit and Waste Discharge Requirements (MS4 Permit) and Total Maximum Daily Loads (TMDLs).
